SKILLS

- **Languages:** JavaScript, C, C++, Python
- **Technologies:** HTML, CSS
- **Databases/Tools:** MySQL, MongoDB, Git, GitHub, Figma
- **Soft Skills:** Problem solving, Adaptability, Team collaboration,

PROJECTS

Task Management System | GitHub

Feb 2026 - Apr 2026

- Built an intuitive task management system to create, organize, track, and manage daily tasks efficiently.
- Implemented task creation, editing, deletion, and completion workflows with interactive task controls.
- Added persistent task storage using localStorage so tasks remain available across browser sessions.
- Displayed total, completed, and pending task statistics for quick progress tracking.
- **Tech Stack:** HTML, CSS, JavaScript

Smart CGPA & Academic Analyzer | GitHub

Jul 2026 - Aug 2026

- Developed a console-based C++ application for multi-semester academic record management and performance analysis.
- Implemented credit-weighted SGPA and CGPA calculations with course, grade, and credit-hour validation.
- Added academic analytics including grade distribution, performance levels, best/worst SGPA, and course insights.
- Implemented target-CGPA prediction, local file persistence, CRUD operations, and a lightweight test suite.
- **Tech Stack:** C++17, CMake, Standard Library

Secure OOP Banking Management System | GitHub

Jun 2026 - Aug 2026

- Built a multi-file, console-based banking simulation using object-oriented C++17 design.
- Implemented customer and account management with deposits, withdrawals, fund transfers, and transaction history.
- Added PIN-based authentication, admin dashboard, account freeze/unfreeze, and configurable withdrawal limits.
- Implemented local file persistence, input validation, automated testing, and CMake build support.
- **Tech Stack:** C++17, CMake, Standard Library

TRAINING

CodeAlpha | C++ Intern

Jul - Aug 2026

C++ Programming Internship

C++ Programming Intern

- Selected for a C++ Programming Internship at CodeAlpha, effective from 20 July 2026 to 20 August 2026.
- Strengthened C++ concepts through hands-on application and practical internship assignments.
- Worked under assigned guidance and direction while developing skills for future software projects.
- Completed internship work focused on building practical C++ applications and applying programming concepts.

CERTIFICATES

- **Computer Programming** — iAmNeo | 150-hour course | [NeoColab](#) May 2026
- **Introduction to Python (CS105)** — Saylor Academy | [Saylor](#) Feb 2026
- **Localhost to Cloud Workshop** — Cloud Clubs | [AWS](#) Apr 2026

EDUCATION

- **Lovely Professional University** Phagwara, Punjab
Bachelor of Technology - Computer Science and Engineering; **CGPA: 8.58** Aug 2025 - Present
- **New Angels Sr Sec School** Pratapgarh, Uttar Pradesh
Higher Secondary Education; **Percentage: 69%** May 2022 - Mar 2023
- **New Angels Sr Sec School** Pratapgarh, Uttar Pradesh
Secondary Education; **Percentage: 71.5%** Jun 2020 - Mar 2021
